"Connecting Aspirations. Creating Futures."

International student recruitment & education consultancy – UK · Pakistan

Who We Are

FEN Global is a professionally managed, student-centred overseas education consultancy helping students build successful international careers. We connect students with world-class universities across the UK, Ireland, Australia, New Zealand, and the USA, guiding the complete study-abroad journey — course selection, university admission, scholarship assistance, visa filing, and pre-departure support.

With a high visa success rate and a team experienced in navigating complex international admissions, we build tailored study plans that align each student's academic goals with the right institution. We take pride in ethical, transparent consultancy and in maintaining long-term relationships with the students we support.

Registered in the UK, with offices in London and Peshawar, serving students across a UK–Pakistan operational base.

British Council-certified UK Agent & Counsellor Training — held by Sayyad Jan (CEO), Mah Rokh Fida (Business Development Manager), and Muhammad Hilal (Admissions & Counselling Officer)

Welcome

Sayyad Jan
CHIEF EXECUTIVE OFFICER

At FEN Global, we believe every student has the potential to achieve their dreams. I know this journey well – I was once an international student myself, facing the same uncertainties and hopes you carry today. What made the difference for me was the right guidance, and that is exactly what we are here to give you.

Studying abroad is not just about getting into a university – it's about building a brighter future and discovering opportunities that can change your life. Our mission is simple: to walk with you every step of the way, from choosing the right course to securing scholarships, handling visa procedures, and preparing you for life in a new country.

Your dream is possible, and we are here to make it happen.

Where We're Headed

To be recognised as a global benchmark in the educational consultancy sector, setting the highest standards for professional excellence and ethical guidance. We aim to inspire and empower a new generation of students from Pakistan to confidently pursue and achieve successful international futures — securing admission to, and thriving in, top universities across the world.

We are committed to extending our network globally while upholding professionalism, transparency, and student-centric success as the non-negotiable values behind every decision we make.

Connecting Aspirations. Creating Futures.

How We Deliver It

01 — PERSONALISED GUIDANCE

- One-on-one consultations to understand each student's academic background, goals, and financial considerations
- Recommending best-fit universities and programs across the USA, UK, Canada, Australia, and Europe
- Expert support with Statements of Purpose, documentation, and scholarship opportunities

02 — SEAMLESS TRANSITIONS

- Intensive visa application support, backed by deep regulatory knowledge and a high success rate
- Pre-departure orientations covering travel, accommodation, and cultural adaptation
- Measuring success by our students' long-term outcomes — not just admission letters

End-to-End Support

A complete range of professional study-abroad services, supporting students from the first counselling session through to successful enrollment abroad.

- Study abroad counselling
- University & course selection
- Admission application support
- Visa file preparation & guidance
- Scholarship & financial assistance support
- SOP, CV & document preparation
- Interview & visa preparation
- Pre-departure guidance
- Travel & accommodation assistance
- Career counselling
- Language preparation (IELTS/PTE)
- Visa rejection case support
